Also Present: Debra McKenzie, Zoning Administrator

APPROVAL OF AGENDA

Mr. Weinburger explained that ZBA Case #14-2016 will be heard at a later date.

Motion by Pearsall, second by Hoover
To approve the agenda as amended.

Voice Vote: Ayes: Unanimous
Nays: None

MOTION APPROVED

1. ZBA Case 11-2016, Parcel #4716-22-301-105, Located at 9386 Silverside Dr., South Lyon, MI 48178. Request 2 variances from Section 38-136 to allow the side yard setback for the proposed addition to be 14 feet instead of the required 15 feet and the second variance to allow the side yard setback at 8 feet instead of the required 15 feet.

Representing ZBA Case 11-2016: Rena Smith

Ms. Smith explained they would like to put a small addition on their cottage. The back part is very terraced and the steps are all broken. They would like to add indoor steps and outside ones and get a stair lift. She explained that it’s all rocks. She provided a picture to the Board members which explained what she is asking for.

Ms. Pearsall felt that the practical difficulty is the elevation.

Mr. Weinburger opened the public hearing at 7:14 p.m. and closed it due to no comments.

Motion by Hoover, second by Pearsall
To approve ZBA Case 11-2016 parcel #4716-22-301-105, Located at 9386 Silverside Dr., South Lyon, MI 48178 to allow the requested variances from
Section 38-136 to allow the side yard setback to the proposed addition to be 14' instead of the required 15' and the second variance to be 8' instead of the required 15'. There are exceptional or extraordinary circumstances or conditions applicable to the property that do not apply generally to other properties in the area or district. Specifically the narrow lot size and topographical issues of this lot. The variance is necessary for the preservation and enjoyment of a substantial property right possessed by other property in the same district by allowing them to safely access their home and bring the stairs in side will help them. The granting of the variance will not be materially detrimental to the public welfare or adversely affect the surrounding properties in the district. The granting of the variance will not adversely affect the Master Plan and the practical difficulty was not self-created.

Roll Call Vote: Ayes: Unanimous
Nays: Nays

MOTION APPROVED

2. ZBA Case 12-2016, Parcel #4716-33-301-010, Located at 11608 East Shore Dr., Whitmore Lake, Michigan 48189. Request 2 variances form Section 38-136 to allow a front yard setback of 20 feet instead of the required 30 feet and a side yard setback of 2.5 feet instead of the required 10 feet for the attached garage.

Representing ZBA Case 12-2016: Dennis DeShane

Mr. DeShane explained that he has a home on Whitmore Lake for the past 25 years, it's a tight lot, and he would like to put on an attached garage. They are proposing to put the garage on one side of the house which gets it as far off the road as possible. The challenges are meeting the setbacks. The neighbors are ok with it and he has a letter from the south neighbor stating its fine.

Mr. DeShane stated the practical difficulty is to be able to attach it to the house. Ms. Pearsall explained that is not a practical difficulty. Ms. Pearsall also explained the garage would be too close to the road which is a safety issue.

Ms. Hoover stated she is concerned that the garage would be so close to the property line on the south side.

Ms. Pearsall stated she is concerned with it being so close to the road.

Mr. DeShane asked if there is something else he can do, would he have to reapply to move the lines, possible move it over 5' and have a one car garage instead of a two car garage. There was brief discussion regarding making the garage a one car garage.

Mr. Weinburger opened the public hearing at 7:25 p.m. and closed it due to no comments.
Ms. Pearsall stated that even if the garage was shortened from 32’ to 24’ the applicant wouldn’t have to worry about the variance in the front but he would still be close to the property line. Mr. DeShane asked if he could request a variance of 5’ on the south side.

Mr. Weinburger explained if the garage didn’t exceed 12 x 22 he wouldn’t need a variance at all. Mr. DeShane asked if he could ask for a 5.5’ variance on the south side. If it’s possible he would ask for a variance it’s a very small lot, the road is unsafe. Ms. Pearsall stated there is no practical difficulty and if he has a one car garage he wouldn’t even need a variance. Mr. Weinburger noted that a garage is not a necessity.

Mr. DeShane stated he would like to ask for a variance of 2.5 so he could build a 15 x 22 garage. (2.5 foot variance).

Motion by Pearsall, second by Hoover
To approve ZBA Case 12-2016, Parcel #4716-33-301-010, Located at 11608 East Shore Dr., Whitmore Lake, Michigan 48189. The request is for two variances. They are only approving one variance for the side yard amended from 8’ side yard setback to a 2.5’ side yard setback so there will be 7.5’ on the side. The applicant has shown a need for the following reasons: there are circumstances or conditions applicable to the property that do not apply generally to other properties in the area due to the narrow lot size impacting the property. The variance is necessary for the preservation and enjoyment of a substantial property right possessed by other property in the same district. Granting of the variance will not be materially detrimental to the public welfare or adversely affect the surrounding properties in the district. The granting of the variance will not affect the purpose or objectives of the master plan because this will be very site specific due to the narrow lot.

Roll Call Vote  Ayes: Unanimous  Nays: None

MOTION APPROVED

3.  ZBA Case 13-2016, Parcel #4716-04-103-032, Located at 6172 Island Lake Dr., Brighton, MI 48116. Request a variance from Section 38-136 the applicant is request a 9 foot variance leaving a front yard setback at 21 feet. The required front yard setback is 30 feet. The variance would allow for a 15’x24’ (360 SF) sunroom addition on the east side of the home.

Representing ZBA Case 13-2016:  Kathleen Vandenberg  
Rich Simmons, Builder  
Dennis Denser, Arcadia and Design

Mr. Denser explained there is currently an elevated porch on the rear of the house. They are proposing to make that slightly larger and enclose it to make a sun room. The nearest 16 properties with the average front yard setback is 6’.3” and their proposal
would yield their setback at 21’. Also, Island Lake Drive dead ends at the end of their property so they are not infringing on anyone’s view of the lake. They feel it is necessary for the preservation and enjoyment of their lot.

Ms. Pearsall explained the houses around them do not enter into their decision, each case is reviewed on a case by case only.

Mr. Denser explained in order to move it back it will become an issue for access due to the doorway. The practical difficulty is that they were unable to enjoy their property as others do.

Ms. Vandenberg explained the house is brick so it wouldn’t be easy to move the access over or the doors.

Mr. Weinburger opened the public hearing at 7:45 p.m. and closed it due to no comments.

Motion by Hoover, second by Weinburger
To deny ZBA Case 13-2016, Parcel #4716-04-103-032, located at 6172 Island Lake Dr., Brighton, MI 48116. Requested variance from Section 38-136 the applicant is requesting a 9’ variance leaving a front yard setback of 21’ and the required setback is 30’. The applicant has not shown a practical difficulty for the following reasons; there are no exceptional or extraordinary circumstances or conditions that are applicable to the property that do not apply generally to other properties in the area or district specifically there are no typography, wetland, woodland, adjoining properties that negatively impact the property. The variance is not necessary for the preservation and enjoyment of a substantial property right possessed by other property in the same district.
